

Nominee Registration Form

Do you know someone who is the “ideal” candidate for Leadership Shelby County? Current participants are encouraged to share their experiences in LSC by nominating individuals for enrollment in upcoming classes.

Think carefully about whom you might nominate. Are they someone who...

- a) works and/or lives in Shelby County?
- b) shows the potential for working to enhance the quality of life in Shelby County?
- c) has already shown leadership potential through their profession or their involvement in the community of other organizations?
- d) doesn't mind tramping around the woods, riding buses, learning new things, meeting new people and eating a variety of snacks while fitting more into a single day than they could ever imagine?

Multiple nominations are encouraged! You may wish to discuss the Leadership Shelby County program with several nominees, but in any case, responsibility for follow-up will fall to the LSC Board of Directors.
